

**NJPDES Municipal Stormwater Regulation Program**  
**Summary of Statewide Basic Requirements (SBRs)**  
**Public Complex Stormwater General Permit (NJ0141879)**

<b>Statewide Basic Requirement</b>	<b>Minimum Standard</b>	<b>Implementation Schedule</b>
Stormwater Pollution Prevention Plan (SPPP)	SPPP describes the Public Complex's stormwater program, which includes details on the implementation of required SBRs.	12 months from effective date of permit authorization (EDPA)
Public Notice	Comply with applicable State and local public notice requirements when providing for public participation.	Upon EDPA
<b>Post-Construction Stormwater Management in New Development and Redevelopment</b>		
Stormwater Management Program	Comply with applicable design and performance standards established under N.J.A.C. 7:8 for major development.	12 months from EDPA
BMP Operation and Maintenance	Ensure adequate long-term operation and maintenance of BMPs.	Upon EDPA
Storm Drain Inlet Design Standard for New Construction	New storm drain inlets must meet the design standards specified in Attachment C of the permit.	12 months from EDPA
<b>Local Public Education</b>		
Local Public Education Program	Incorporate all SBRs that have an educational message into a cohesive package. Distribute information sheets to appropriate users and employees. Colleges and universities must also conduct an annual educational "event".	Start 12 months from EDPA
Stormwater/Nonpoint Source Education	Distribute information to appropriate users and employees regarding general stormwater/nonpoint pollution and steps that the public can take to reduce pollutants in stormwater runoff.	Start 12 months from EDPA
Storm Drain Labeling	Label all storm drain inlets located at the Public Complex.	Complete 60 months from EDPA
Fertilizer/Pesticide Education	Distribute information to appropriate users and employees regarding fertilizer/pesticide application and storage and disposal. This minimum standard only applies to Public Complexes with lawns or other landscape vegetation.	Start 12 months from EDPA
Waste Disposal Education	Distribute information to appropriate users and employees regarding proper waste disposal, handling and storage, including hazards associated with illicit connections and improper disposal of waste.	Start 12 months from EDPA
<b>Improper Disposal of Waste</b>		
Pet Waste Control	Adopt and enforce an appropriate regulatory mechanism requiring owners to properly dispose of their pet's solid waste or prohibit pets (other than disability assistance animals) at the Public Complex.	Complete 12 months from EDPA and ongoing
Litter Control	Adopt and enforce an appropriate regulatory mechanism regarding the control of litter or enforce the existing State litter statute (N.J.S.A. 13:1E-99.3).	Complete 12 months from EDPA and ongoing
Improper Waste Disposal Ordinance	Adopt and enforce an appropriate regulatory mechanism prohibiting spilling, dumping or disposal of any materials other than stormwater into the MS4 (with some exceptions).	Complete 12 months from EDPA and ongoing

Wildlife Feeding Control	Adopt and enforce an appropriate regulatory mechanism that prohibits the feeding on any property owned or operated by the Public Complex of any wildlife (excluding confined animals, for example, wildlife confined in zoos, parks, or rehabilitation centers).	Complete 12 months from EDPA and ongoing
Vegetative Waste	Public Complexes must develop, when applicable, a vegetative waste collection and disposal program to ensure the proper pickup, handling, storage and disposal of vegetative wastes generated at the Public Complex.	Complete 12 months from EDPA and ongoing
Illicit Connection Elimination and MS4 Outfall Pipe Mapping	Develop, implement and enforce a program and an appropriate regulatory mechanism, to the extent allowable under State law, to eliminate illicit connections to MS4 within the Public Complex. Map all MS4 outfall pipes that discharge to surface water.	Complete 60 months from EDPA and ongoing
<b>Solids and Floatable Controls</b>		
Street Sweeping	Sweep all parking lots and curbed streets at the Public Complex (including roads or highways with storm drains that have a posted speed limit of 35 mph or less) at minimum, once per month.	Start 12 months from EDPA and ongoing
Storm Drain Inlet Retrofitting	Retrofit storm drain inlets during road repair, reconstruction, alterations or repaving with inlets that meet the design standards specified in Attachment C of the permit.	Start 12 months from EDPA and ongoing
Stormwater Facility Maintenance	Develop and implement a stormwater facility maintenance program for cleaning and maintenance of all stormwater facilities operated by the Public Complex. Catch basins shall be cleaned annually to remove accumulated sediment, trash and debris.	Start 12 months from EDPA and ongoing
Road Erosion Control Maintenance	Develop a roadside erosion control maintenance program to identify and stabilize roadside erosion. Repairs shall be made in accordance with the Standards for Soil Erosion and Sediment Control in New Jersey (N.J.A.C. 2:90-1 or 16:25A).	Start 12 months from EDPA and ongoing
Outfall Pipe Stream Scouring Remediation	Develop and implement a stormwater outfall pipe scouring detection, remediation and maintenance program to identify and stabilize erosion in areas immediately downstream of the outfall pipe. Make repairs in accordance with the Standards for Soil Erosion and Sediment Control in New Jersey (N.J.A.C. 2:90-1 or 16:25A).	Start 12 months from EDPA and ongoing
<b>Maintenance Yard Operations (including Ancillary Operations)</b>		
De-icing Material Storage	Construct permanent indoor storage for deicing materials. Seasonal tarping shall be used as an interim BMP until the permanent structure is completed. Uncovered sand may be stored outside if a 50' setback is maintained from any storm sewer inlet.	Complete 60 months from EDPA
Fueling Operations	Develop and implement SOPs for vehicle fueling, bulk delivery and inspection and maintenance of storage tanks, piping and pumps in addition to required practices contained in the permit.	Start 12 months from EDPA and ongoing
Vehicle Maintenance	Implement required practices contained in the permit for vehicle maintenance.	Start 12 months from EDPA and ongoing
Equipment and Vehicle Washing	Allow no discharge of wash water from maintenance operations (with limited exceptions), and follow prescribed BMP options for proper disposal of wash water.	Complete 36 months from EDPA
Good Housekeeping Practices	Implement required practices contained in the permit for good housekeeping.	Start 12 months from EDPA and ongoing
Employee Training	Develop and conduct an employee training program for appropriate employees that covers the required topics contained in the permit.	Start 12 months from EDPA and ongoing
